

Introduction to Data Science

Understand the flow of Session

Binary Format = [0/1]

Topic wise discussion. And a small break for the doubt.

Open Mic Session : After 11 PM.

Github : Lecture Notes + Code

Python - Core [Foundation]

- Object Oriented Programming

Libraries -

Numpy [Mathematical Computation]

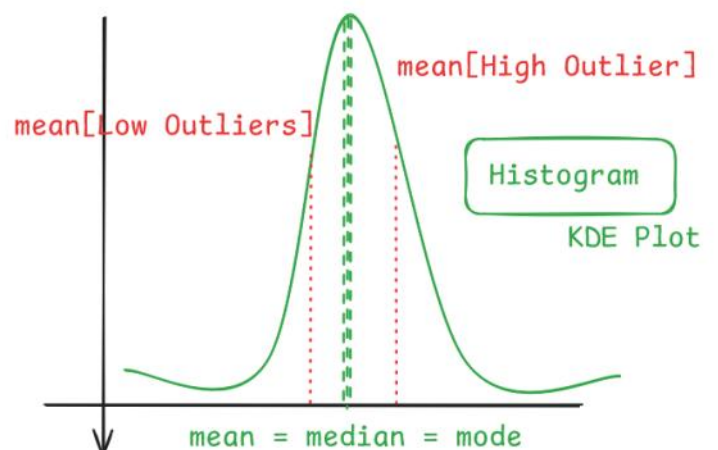

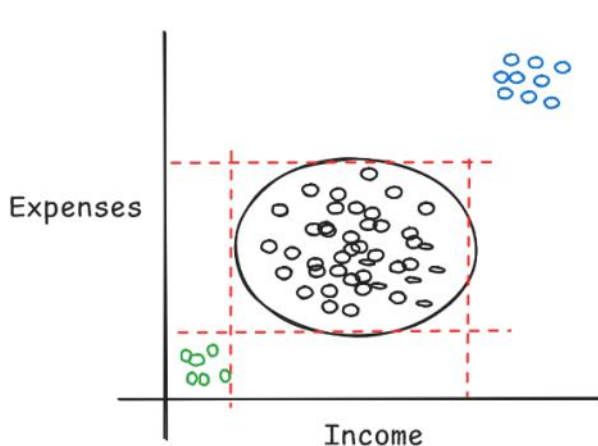

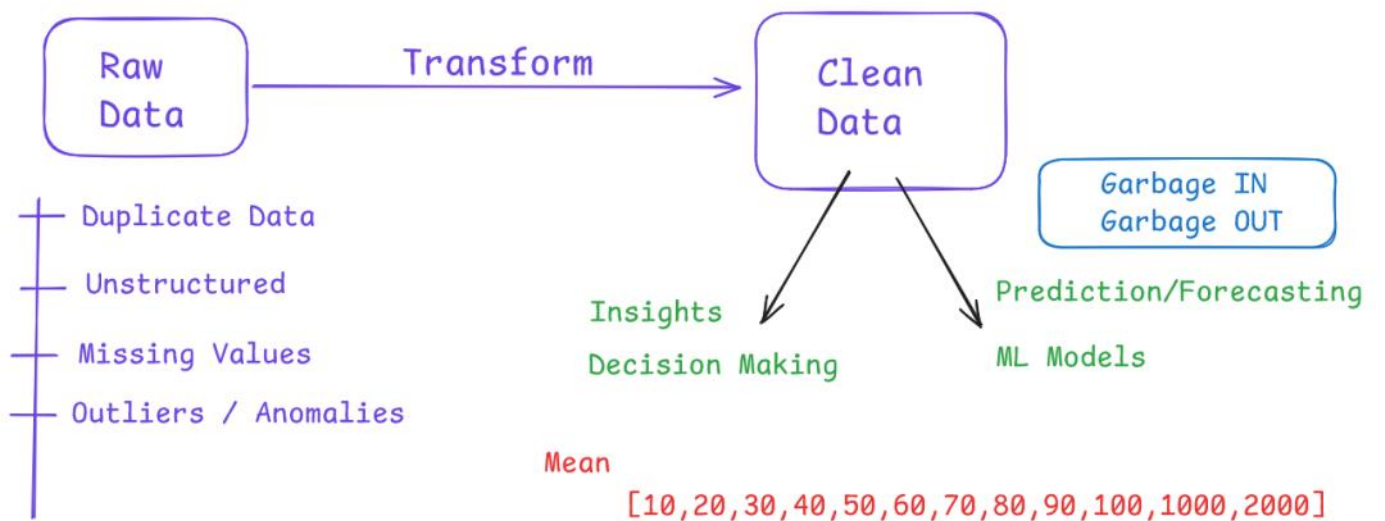

Pandas [Data Cleaning]

Matplotlib/Seaborn [Visualization]

SQLAlchemy [Database Connectivity]

Data

In today's world, Data is the new oil to industry.
Data is Knowledge, And Data is Money 💎

| Name | Age | Email | Salary |
